6. (Unclassified - GLC) Mrs. Mary Lynch, in the office of Senator Thomas Eagleton (D., Mo.), called on behalf of a constituent for any booklets we had on "positive reasons for getting information on U.S. citizens." I told Mrs. Lynch that we had no such booklets and pointed out that the Agency not only had no function in this connection, but was precluded by law from engaging in any internal security activities and said I would send her a copy of the Agency pamphlet which covers this subject.

Mrs. Lynch also requested a China Map Folio and several unclassified maps for use of the Senator's staff and I agreed to get these for her.

7. (Confidential - GLC) Talked with Mr. Wallace Johnson, Department of Justice, about the status of possible briefing of the Muskie and Ribicoff Subcommittees of Senate Government Operations Committee on the involvement of foreign officials in the world drug traffic. Johnson said that Bud Krogh, of the White House, was calling the shots on this. He hopes to delay responses to the joint letters from Muskie and Ribicoff to the Attorney General and Secretaries Laird and Rogers and the Director until just before the summer recess. Krogh is trying to avoid any briefing. On this basis, Johnson assumed Krogh would have problems with our proposed reply deferring to Justice. He expects Krogh would want us to adopt a delaying tactic also. I told Johnson we would probably be in touch with Krogh directly about this.

8. (Internal Use Only - JGO) I received a call from Mrs. Lois G. Myers, Employee Benefits Subcommittee staff, House Post Office and Civil Service Committee, who told me that Chairman Hanley has indicated that if time permits he might take up the question of protection of rights of Federal employees at the conclusion of the scheduled business in tomorrow's open meeting of the Employee Benefits Subcommittee. I thanked Mrs. Myers for the advice.
